Lagna Chart(Birth Chart)

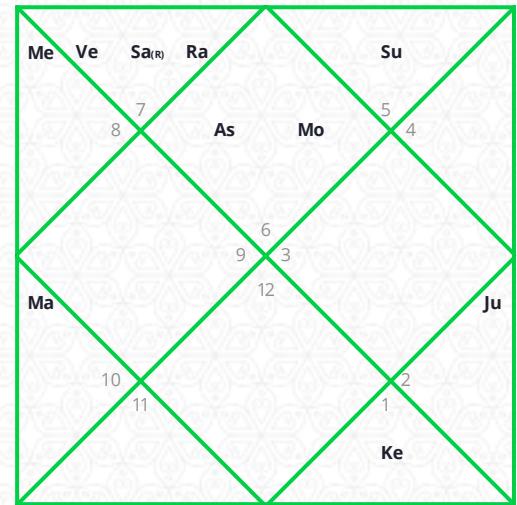

Ascendant or Lagna, is the degree of the sign which is rising on the eastern horizon at the time of birth. The Lagna is the most influential and important sign within the natal or lagna chart. This sign will be considered the first house of the horoscope, and the enumeration of the other houses follows in sequence through the rest of the signs of the zodiac. In this way, the Lagna does not only delineate the rising sign, but also all the other houses in the chart.

You look and act mature for your age. You will have harsh experiences that will shape your future. You will be responsible and will be conscientious in your efforts. With the right combinations you will rise up to be the head of an organisation. On the contrary with bad combinations, you will be lazy and procrastinate all your life. The responsible ones will have a family that will be looked up by the society with great respect. The more hardships you face in the initial phases of your life, the more seasoned you will become.

Your disciplined and practical nature drives you to achieve your goals through hard work and perseverance. You value authority and success.

Since the lord of the ascendant, Saturn is in the 7th house, You will have a very harsh and practical nature which others might find to be rude. You will have to be very careful about your partners and associations when dealing with them. You may also suffer from severe health diseases and your spouse may have to look after you.
