## Horoscope Charts

### Lagna Chart(Birth Chart)

Ascendant or Lagna, is the degree of the sign which is rising on the eastern horizon at the time of birth. The Lagna is the most influential and important sign within the natal or lagna chart. This sign will be considered the first house of the horoscope, and the enumeration of the other houses follows in sequence through the rest of the signs of the zodiac. In this way, the Lagna does not only delineate the rising sign, but also all the other houses in the chart.

### Moon Chart

Moon Chart is an important tool of prediction and the results of planetary combinations are more prominent when the yogas or certain combinations happen in both Moon and Lagna Chart.

### Navmansha Chart(D9)

Navmansha Chart is the most important divisional chart, Navmansha means nine part of a particular Rashi in which each Amsa consists of 3 degrees and 20 minutes

Your thought process keeps changing - as the power of Moon always keeps changing. Sometimes when you have a full moon - you might have a face with large eyes and dark shiny hair. You are fond of dressing in the latest fashion and mostly they are very good looking if the moon is well positioned. You are seen as a graceful person if the moon is well positioned and has good aspects. If moon or the house lord is not well positioned you will be in constant stress. You love to eat sweets and are very vocal about your diet. You are generally caring and emotional.

Your compassionate heart and intuitive nature guide you in forming deep emotional connections. You cherish security and nurturing bonds.

Since the lord of the ascendant, Moon is in the 7th house, You shall be related to the mind, emotions, comforts, and motherhood. You will be a soft person who will like to be in a home-like environment. You are someone who does not like restrictions to be imposed. You shall have to face delays and obstacles in your path. You want to live a fast-paced life.
