Horoscope Charts

Lagna Chart(Birth Chart)

Ascendant or Lagna, is the degree of the sign which is rising on the eastern horizon at the time of birth. The Lagna is the most influential and important sign within the natal or lagna chart. This sign will be considered the first house of the horoscope, and the enumeration of the other houses follows in sequence through the rest of the signs of the zodiac. In this way, the Lagna does not only delineate the rising sign, but also all the other houses in the chart.

Moon Chart

Moon Chart is an important tool of prediction and the results of planetary combinations are more prominent when the yogas or certain combinations happen in both Moon and Lagna Chart.

You look and act mature for your age. You will have harsh experiences that will shape your future. You will be responsible and will be conscientious in your efforts. With the right combinations you will rise up to be the head of an organisation. On the contrary with bad combinations, you will be lazy and procrastinate all your life. The responsible ones will have a family that will be looked up by the society with great respect. The more hardships you face in the initial phases of your life, the more seasoned you will become.

Your disciplined and practical nature drives you to achieve your goals through hard work and perseverance. You value authority and success.

Since the lord of the ascendant, Saturn is in the 4th house, As a Capricorn ascendant, Saturn shall make you debilitated. You shall have fear and anxiety and will have to carry tremendous responsibility since childhood. You may get separated from your mother and will have to take care of siblings and your family. You might even lose the property of your parents due to disputes. Your enemies will have the upper hand over you.
