## Horoscope Charts

### Lagna Chart(Birth Chart)

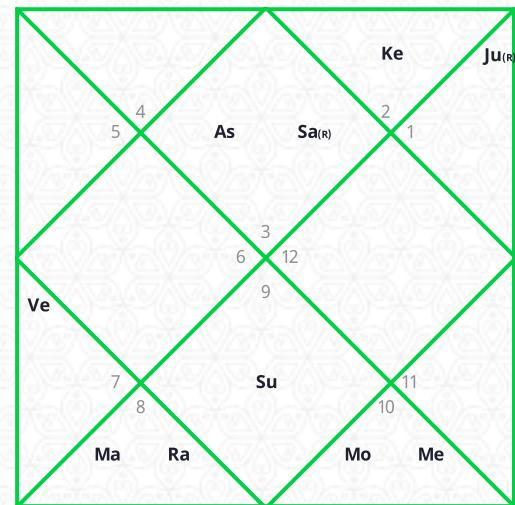

Ascendant or Lagna, is the degree of the sign which is rising on the eastern horizon at the time of birth. The Lagna is the most influential and important sign within the natal or lagna chart. This sign will be considered the first house of the horoscope, and the enumeration of the other houses follows in sequence through the rest of the signs of the zodiac. In this way, the Lagna does not only delineate the rising sign, but also all the other houses in the chart.

### Moon Chart

Moon Chart is an important tool of prediction and the results of planetary combinations are more prominent when the yogas or certain combinations happen in both Moon and Lagna Chart.

| Om Budhagrahaya Vidmahe Indu Putraya Dheemahi Tanno Budhah Prachodayaat ||

You are intelligent and a good communicator. You always want to learn and can excel in the field of maths and sciences. Some of you may annoy your peers with your questions and talkative nature. If your ascendant lord is strong you will be wealthy and hold good positions in various fields, may be private or government. Married life may be disturbed if the seventh house is afflicted or there is no good combination of planets in the birth chart.

Your insatiable curiosity drives you to explore every avenue of knowledge and communication.  
You thrive in dynamic, intellectual environments.

Since the lord of the ascendant, Mercury is in the 6th house, Mercury in the 6th house rules over both the Gemini and Virgo ascendant. You will hold a great native skill in communication and you will help people by being guides and mentors. You will be going through a lot of ups and downs in your life and will face a lot of problems. You will be surrounded by conflicts all the time. You will be a clever person.
